

Program : U.S. Federal Agency

Project : IT Equipment

Time Period : Jul – Oct 2013

Location : Manila, Philippines

Contract Value : USD 95,000 (appr.)

Professional Staff Allocated

Barry Kroon – Managing Director (USA)

Tanya Daugherty – Project Coordinator (USA)

Nicki Nichols – Project Specialist (USA)

Philippines

Objective : To provide configured desktops, monitors, UPS systems, modular desks, and Ethernet switches, prepare the cargo for export, and provide logistical services by air freight to Manila Airport.

Other Projects Executed : IPA has extensive experience with various U.S. Federal Agency Offices located in Asia, especially those with tough logistical circumstances.

Other Equipment Supplied : During 2013, IPA also supplied this U.S. Federal Agency with crime scene investigative equipment, laptops, desktops, and cell phones.

Supply Chain & Logistics : IPA can consolidate many smaller orders from various manufacturers into one large shipment. This allows for better freight rates and less time spent on customs clearance on international shipments. For this order, IPA provided warehousing, inventory control, asset management, consolidation, export-packing, oversaw air freight shipment, and assisted with customs clearance by providing customs documentation.

Support & Aftersales : IPA assists with the facilitation of all manufacturer warranties. Clients have come to expect the highest level of care when ordering with IPA.
