Objective : Provision of materials and equipment to meet the requirements of the NGO's Specialized Mobile Solution Program.

Needs Assessment : IPA has partnered with the NGO to provide the equipment needed to implement their mobile solution program worldwide.

Equipment & Supplies : ID Cards, ID Card Printers & Supplies, Tablets, Android Phones, Lenovo Laptops & Accessories, Specialty carry cases, etc.

Supply Chain & Logistics : IPA provides warehousing, inventory control and asset management for the NGO's Mobile Solution Program. This year, the NGO discontinued the use of the Cat B15 Phones and used Tablets instead. IPA helped disperse the remaining inventory of the phones and continues to track and monitor changes or updates to the equipment requirements to ensure goods are procured as quickly as possible. Along with all applicable Customs Documentation, IPA provides detailed instructions for any warranty support issues that may arise.

Support & Aftersales : IPA tracks registered equipment deployed to all locations for assistance with warranty repairs. IPA also maintains model numbers for equipment in order to provide compatible accessories and spare parts for future ordering needs.
